PRESIDENTS LETTER.

Hi All,

It is my absolute pleasure to thank my Committee for the outstanding effort and commitment over the last five months. An amazing job pulling our National Show together to make it the success it was. I would also like to thank, the competitors, those who travelled enormous distances to support our show, in the sporting and conformation, thank you for your comradery. It was fabulous to catch up with friends, new and old, who I rarely have the opportunity to see.

I would also like to take this opportunity to thank Wendy and the *MaxCapture* team for our photographic memories, a huge effort over the duration of the show. To our judges, our writers and our stewards over the two days, thank you for sharing our show with us. Lastly, I'd like to thank all of our sponsors for their generosity and interest in our breed.

Without all of you all, there is no show.

Moving on, it's time now to prepare for our open show in September. Hope to see you all then.

Cheers for now,
Megan

SECRETARY REPORT.

Wow where has the year gone? It will be Christmas before we know it. Hands up who enjoyed the 2 days of the National? How much fun did the 150 Dalmatians and their handlers have who entered this event have? It was great to see our National so well supported. To our committee, I thank you all, for the effort that you put into the event. Even though we are small, I know that our National packed a punch and will be talked about it for years to come.

Please support our Open Show coming up on the 19th September, just as much hard work goes into prepping for an Open Show that does for a Champ show. Because of the National this year we did not run our open show concurrently with our champ show. We hope that we get the entries and Mrs Ellen Nan-Kivell has lots of Dallys to critique.

We need to build our club, why not encourage your dally loving friends to join? And I know that all the puppy buyers out there would love to become part of the dally loving world. For new members it is half price to join for the last half of the year (June 30 to December 31st) if we had more members who are puppy buyers join we could organise more events and socials to cater for the non "Showies". Being a member of the Dalmatian Association of Queensland Inc., gives you lifetime support for yourself and your Dalmatian. Membership forms are available on our website and you can print them off to add with your Puppy Packs.

See you all soon at our next meeting on the 25th august, 2015, at the Durack CCC Meeting Rooms, King Ave Durack, or on the show circuit.

Natasha.

EDITORS SPOT.

Welcome to another issue of the Dally Digest, In this issue of the Digest, you will find some of the following;

At the bottom of page 7, we are selling some lovely little Christmas Decorations. These will be perfect for your xmas tree, or as gifts.

If you are looking to brighten up your day, skip to page 8, where you will find a funny story "Let Sleeping Dogs Lie", I found this in a 2001 edition of Dally Digest.

On page 10, you will find our Point Score Results for Conformation Shows from the 5th and 26th of July. Well done to those who have entered, we only have 4 more Point Score Shows for the rest of the year, find those dates on page 7.

We had a lovely submission for our Kids Spot, from Layne. You will find this along with a word search on page 11.

DAQ are running a fundraising ballot to buy a \$150 Orivet Voucher for \$100. For more information, skip to page 12.

And to finish off this edition of Dally Digest, we have a featured book this month "Secret, Spies & Spotted Dogs" by Jane Eales. I have included a blurb from the book, as well as what I thought of the book, find this on page 13.

Until next time,
Samantha.

Don't forget the ROYAL QUEENSLAND SHOW is now on in Brisbane!

The Dalmatians are showing on Friday 14th August.

As usual we don't know the exact time the Dalmatians will be showing, it depends on how many dogs are on before them in the other breeds.

Come along and meet some of our committee members who will be showing on the day!

General Business:

Motion Before the NDC:

Put forward by the DCOV and amended by the DCNSW (6/07/15) Amendment in italics:

The National Dalmatian Council recommends that the ANKC institute, with the greatest expediency, that ALL progeny from backcross lines have (1) an Australian suffix BCP which denotes “BACKCROSS PROGENY”. (2) *an Australia suffix LUA where the dog has been genetically tested and confirmed to be LUA.*

This will ensure that breeders have information on which to base their breeding choices now & into the future.

This was motion discussed at length. All attending members were given a chance to put forward their views on this motion. We had 3 Absent Member votes on this motion via Email or Phone from Joan Roseworn, Allyson & Mary Forrest and Samantha and Janice Hartley (as documented in Correspondence List attached)

Vote for this motion (YES) was unanimous.
Motion Carried. Megan Bennett and Julie Beeby to report our vote at the NDC SGM in September.

Natasha and Megan reported on attending the to the Annual Dogs Queensland President, Secretary and Treasurers meeting. This was held on the 14th July 2015 At Durack.

At the PST Meeting they discussed Lockers. This reminded us that we had a locker up until about 18mths ago and we cancelled it as we did not know what number, or where keys were. At the meeting they said that each locker held a \$400 bond. We discussed if we received this bond back from DQ when we cancelled the locker. Julie and Toni thought we did. Julie to check accounts to investigate if this was received.

DAQ Point Score: Should we look at adding a neuter category for 2016? This was discussed and Julie made some suggestions. Julie will look into it and report her ideas for the next meeting.

Should we hold an end of year Christmas Dinner? A chance to socialise without our dogs. Goal: To create a greater social aspect to our club. To be discussed more at the next meeting.

Fran put forward should we look into running an Endurance Title (ET) next Year. In Queensland these can only be run in Winter. This was discussed and Natasha to Email DQ to see what we would have to do to run one.

National Photographs were discussed. We have a Disk of pictures from MaxCapture but Natasha is yet to look at it. Need to investigate the 1-5th places and add within the critique and also pictures of the winning dogs for a General Specials page. for club records. Natasha to work on it and report progress for next meeting.

Next Meeting: 25th August 2015

Meeting Closed: 10:02pm

Blast from the Past from our February 2001 Digest!

WHOEVER SAID “LET SLEEPING DOGS LIE” OBVIOUSLY NEVER HAD
REALLY SLEPT WITH DOGS!

THE FIRST THING YOU DISCOVER WHEN YOU BRING A DOG ONTO YOUR BED IS THE STRIKING
DIFFERENCE IN WEIGHT BETWEEN AN ALERT DOG AND A DOG AT REST. . . (AUTHOR UNKNOWN)

RULE NO 1: The deeper the sleep the heavier the dog. Most people who sleep with dogs develop spinal deformities rather than rent the heavy seaport cranes necessary to lift their snoring canines to a more appropriate part of the bed. Cunning canines very slowly and insidiously steal precious space in tiny increments until they have achieved the centre position on the bed—with all covers carefully tucked under them for safekeeping. The stretch-and-roll method is very effective in gaining territory. Less subtle tactics are sometimes preferred. A jealous dog can worm his way between a sleeping couple and with the proper propelling action from all four legs, shove a sleeping human to the floor.

RULE NO 2: Dogs possess superhuman strength while on a bed. As you cling precipitously to the edge of the bed, wishing you had covers, your sweet dog begins to snore at a volume you would not have thought possible. Once that quiets down, the dog dreams begin. Yipping, growling, running, kicking. Your bed becomes a battlefield or playground of canine fantasy. It starts out with a bit of “sleep running”, lots of eye movement and then, suddenly, a shrieking howl blasted through the night like a banshee wail. The horror of this wake up call can haunt you for years. It’s particularly devastating when your pup insists on sleeping curled around your head like a demented Daniel Boone cap.

RULE NO 3: The deeper the sleep, the louder the dog. The night creeps on and you fall asleep in the three inches of bed not claimed by a dog. The dog dreams may quiet down slightly and the heap of dog flesh sleeps—breathing very heavily and passing copious wind. Then, too soon, it’s dawn and the heap stirs. Each dog has a distinctive and unpleasant method of waking every living person in the bed. One may position itself centimetres from a face and stare until you wake. The clever dog obtains excellent results by simply sneezing on your face, or they could romp all over your sleeping bodies—or the ever-loving insertion of a tongue in an unsuspecting ear.

RULE NO 4: When the dog wakes—you wake! So, why do we put up with this? There’s no sane reason. Perhaps it’s just that we’re a pack and the pack snuggles together at night—safe, contented, heavy and loud.

TREASURERS REPORT:

Well the 15th National Dalmatian Specialty is now over and I am very pleased to inform our members of the significant achievements of you all in assisting us to run the National with only a slight deficit of \$707.10.

This was a great effort as we had only volunteered to hold this National at short notice and there was limited fund raising. However, the small margin we made on all the embroidered merchandise was enough due to the incredibly large number of orders that were placed. Funds were also raised through raffle and auction of many items donated by our friends and members and Natasha McIntyre was a wizard at getting wonderful sponsors for so many of our trophies and sashes.

The Club has \$6,545 in the bank, which is only \$1345 less than we had in our accounts in September 2014, which was before we started spending on the National. I can therefore confidently say the club is in good standing for the events to be held in the coming years.

While not as extravagant, for our Open Show we have an exciting new supplier for rosettes and there will be prizes for all classes so I hope all members enter to enjoy a relaxing day in September.

Regards
Julie

SECRETS, SPIES & SPOTTED DOGS BY JANE EALES.

A simple need for her birth certificate leads Jane, aged 19, to a devastating secret: she was adopted. Stunned, Jane is sworn to secrecy, and forbidden to search for her biological family—a promise she honours until the death of her adoptive parents. A heart-wrenching family crisis and a longing to know her origins then drive Jane to painstakingly research her roots in Rhodesia, Johannesburg, London, Berlin and Sydney.

Secrets, Spies and Spotted Dogs interweaves the raw emotion of adoptee discovery, the heart-pounding threads of WWII espionage at Arnhem, and the author's poignant search for truth and identity.

This image is an advertisement in the Kennel Club Catalogue, 1956. This advertisement was placed by Jane's birth mother. It is a little bit hard to read in this image, so I have transcribed the text here.

This biography was the first I've ever read, and I finished it within 2 days. I couldn't put it down, I had to find out more about Jane & her family. The book itself is only 282 pages. I couldn't wait to get to the parts involving Dalmatians, and they were well worth the wait, I even went back and reread some of it after finishing the book. You can find this book at any good book outlets or your local library.
