Firstly on behalf of the committee I would like to thank all of you who attended the 15th Dalmatian National. Also a huge thank you to our Patron, Joan Roseworn. It was a huge two days, with a lot happening on the CCCQ grounds and behind the scenes.

I would personally like to thank my good friend, Wendy Maxwell who was our photographer for the event. A lot of people don't realise the time and commitment that goes into taking the photos, and then editing them. It's a huge job, and I am grateful for the results!

While we are still on the topic of the National, in this issue you will find the results and also the conformation judges critique.

Marilyn Monroe with a Dally.

*Until next time,
Samantha Hartley*

DOTTY IDEA FOR DAUNTSEY COUPLE'S WEDDING.

Dog lovers Phil and Lou Garton enjoyed their dream wedding—with 58 human guests and 31 Dalmatians.

The couple, who live in Dauntsey, took along their own five Dalmatians for the wedding in June.

The unusual nuptials will feature on channel 4 show, *Wedding House*. The show follows the fortunes of different couples having bizarre wedding ceremonies.

The couple, who have been together for 16 years, were looking for a suitable venue for a dog-themed wedding when they saw an advert for the show. After a discussion about what they wanted the wedding day, plans were taken over by the programme makers.

Dog trainer Mrs Garton, 38, said: "It was so nice not having to worry about organising anything. The important thing was we were getting married with our friends and our dogs."

The couple were wed at Sundridge Park in Kent, UK.

Judges Conformation Critique

It was a great honour and privilege to be invited to judge this prestigious National Specialty and I must say a big thank you to the Dalmatian Association of Queensland Inc. for hosting and running the show so competently. Everyone worked so hard to make this a very special occasion for the exhibitors and for me too. The venue was excellent with a ring of excellent size, parking was convenient and there was plenty of shade for the Dalmatians. Hospitality was generous and there was a huge array of splendid prizes on offer. Thanks also go to my steward Mrs. J Ruddle and writer Mrs. C Elliot and also to Club Patron Mrs. Joan Roseworn for keeping me company at lunch.

A sincere thank you to all the exhibitors, some of whom drove significant distances, to show their Dalmatians under me, and to all of you who took my decisions with such good grace. I was advised at the beginning of the show to ensure that I took my time judging and that's what I did. I wanted to be sure that everyone had sufficient opportunity to gait and stand their dogs so that I could thoroughly assess the virtues of each Dalmatian. That's why folks, you did so much moving around rather than a cursory once round and across the ring and back!

My general remarks are as follows: I loved my line ups.....you have are some beautiful quality Dalmatians who could win anywhere in the world. Because of the consistency of breed type and good movement, sadly, not enough first prizes to award! These Dalmatians meet the standard, have substance with elegance and can easily do the job demanded of a carriage dog. Endurance would not be a problem for these dogs. I found **all** the dogs temperaments to be very good and there was even a 'smiler', which is always delightful. Spotting was generally very good with some lovely liver colour. My final decision was extremely close: they are all exceptional examples of the breed.

Generally fronts were very good with correct angulation and good depth of brisket. There is a range of types. There is an issue with some feet... a few are too flat and some are hare footed. Coats are generally very good and there are some very attractive heads albeit that there are a few light eyes. Some dogs looked fabulous standing but were somewhat disappointing on the move and paid the price. All the exhibitors made a good job of free standing their dogs BUT there is this dreadful practice emerging in the exhibition of Dalmatians, whereby the handler stacks the dog so that their fronts are pushed forward and top lines are sloping down at the rear. This spoils the dogs' top line and causes over angulation of the rear quarters...it looks dreadful and most untypical and can affect the final award. Another issue, again seen all over the world, is the 'race' around the ring at speed. A steady pace shows all that needs to be seen!

I left with memories that I will never forget; the lovely dogs I saw, and the friendliness of the exhibitors.

Thank you,
Christina Pickup

SPECIAL VETERAN SWEEPSTAKES 10 YEARS AND OVER

1. Beeby's Ch. Varewell Wind Song. Attractive eleven year old bitch who did not look her age. Lovely head and expression. Really enjoying her day out as she moved around the ring with drive and keeping a nice level top line. I was unaware that this bitch was from the same kennel as the BIS until I read my catalogue.
2. Donald's Gr. Ch. Sprintaway Rubica Red. Another eleven year old, again in excellent condition, liver spotted, of good colour, little larger than 1, but moved well. Just preferred 1.

BABY PUPPY DOG

1. John's Brewen Bomb Voyage. Well constructed liver spotted puppy who shows huge promise. Attractive head and neck, good outline and topline for one so young. Will do well.
2. Darling's Paceaway Luck Dragon Another very promising, nicely decorated liver spotted puppy, good front and rear, nice mover.
3. Pickles' Zamashom Kings Legacy. Nice black spotted puppy, bit heavier marked than other BPD's. Lovely head, dark ears and eyes. Good bone. Nice feet. At the 'in between' stage of development.

MINOR PUPPY DOG

1. Outlook Kennels Outlook Tuireann Molan. Well grown six month old youngster, well off for bone and plenty of substance. Lovely head and expression. Quite mature and although he stood alone - a very worthy winner. Should do well in the ring

PUPPY DOG

1. Darling's Paceaway Give Me More. This pup had a lovely head, attractive markings and a deep brisket. His overall conformation is well developed and he moved the truest in his

class with good reach and drive. A great future ahead! Best Puppy in Show

2. Bennett's Lotadotz Dropsov Jupiter. A most promising puppy, good outline, nice feet and moved well but preferred 1 in this class.
3. Gough & Chandler's Ch. Paceaway Top Gun. Good make and shape, deepest pigmentation, another very promising pup - not as mature as 1 & 2.

JUNIOR DOG

1. Gough & Chandler's Paceaway Ticket Master. Lovely youngster, attractive head and pleasing expression. Good front. Lovely outline standing with good level topline, moved with good reach and drive.
2. Grant & Watt's Krystaway Taittinger. Another l/s again well developed and moved well across the ring with drive. Still immature, has quite a bit of tuck up and a little longer in the loin than 1. Close decision between 1 & 2
3. Dyers' Ch. Paceaway Flash Gordon. Marginally taller than 2 but none the less balanced. Moved well. Needs time to mature

INTERMEDIATE DOG

1. Clarkes' Ch. Paceaway Skys The Limit. A very well put together dog, with lovely outline and who moved effectively and efficiently covering the ground with ease. Nice deep chest with plenty of heart room and good tuck up. Nicely marked. Good tail set.
2. Bower's Ch. Starswept Siriusly On Fire. Another very nice male I liked a lot, good markings, pleasant head and expression, another good mover. Pushed hard for 1st place - just preferred 1.
3. Allcock & Marshall's Ch. Pampard Privileged Position. Slightly heavier black spotted, nice dark eyes and good pigmentation. Nice turn of stifle, good mover.

AUSTRALIAN BRED DOG. *A lovely quality class with some tough decisions*

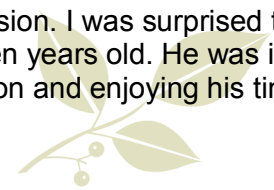

1. Donald's Sup Ch. Sprintaway Chief Cherokee. Lovely masculine dog, black spotted, good make and shape, nothing overdone. Standing has good front and outline, well let down hocks and plenty of bone. Good tail-set. Covered the ground with ease and is a good example of a carriage dog.
2. Dunscombe's Telde Magical Rupert Murdog. Lovely liver dog with plenty of bone and substance. Good masculine head. Good front and well sprung ribs. Loved him on the move too. Close decision between first three
3. Demar's Lotzadotz Love on the Rockz. Extremely densely pigmented black spotted male. Lovely make and shape and fabulous head. Not his day today and he just didn't move as well as 1 & 2.

OPEN DOG. *Another lovely class*

1. Outlook Kennels Sup Ch. Topspott Firebrand. Best Opposite Sex in Show and Best Open in Show. This dog filled my eye when he came into the ring. Standing he has a lovely outline, and excellent make and shape with good front with plenty of heart room. He is a stallion type with beautiful liver spotting and correct in all departments. He has excellent bone and feet, and he powered round the ring and showed to his full potential. He pushed hard for top honours and the final decision was very difficult.
2. Grant & Watt's Ch. Paceaway Ona Mission. Lovely decorated black spotted dog with lovely make and shape. Retains a nice topline on the move and totally at one with his handler. Loved him as he has all the right attributes but perhaps not as much tuck up as 1.
3. Davies & Wright's Ch. Starswept Painted From Memory. Well constructed black male with attractive spotting and whitest of coat. Masculine but retaining elegance. Excellent front and rear quarters. Lovely head. Litter brother to Runner up to best exhibit.

VETERAN DOG.

1. Dyer's Sup Ch. Paceaway Kold Kash. Best Veteran in Show. Lovely dog, seven years old and in excellent hard condition. Deep pigmentation, nice eye colour and head. Good front and nice balance overall – stood four square while standing and was balanced on the move.
2. Graham's Sup CH Paceaway Rum Ruffian. Slightly heavier marked, seven year old liver, another who was in excellent condition. Nice on the stand and powered round the ring.
